## NEW ADMINISTRATION IN CHARGE OF AFFAIRS

Robert Givens of Pittsburg Named Vice President of District No. 3, United Mine Workers and Hargest is Made Board Member

With the appointment of Robert Givens of the Pittsburg vicinity as vice president of District No. 5, United Mine Workers of America and the appointment of William Hargest of Monongahela as international board member, a new executive corps assumes charge of mining affairs in the district. The board is now headed by Phillip Murray as president.

Murray's appointment to the presidency came with the resignation at a district convention a week ago at Pittsburg, of President Van Bitter and Vice President Hanaway. Murray was empowered to name his own vice president. Hargest was appointed to the vacancy on the international board created by the elevation of Murray.

The selections of the district administration heads are popular ones. The new president, vice president and international board member are widely known, especially in the Monongahela valley. They are conservatives, yet are considered "go-between" between the conservative and radical elements.

He accepted \$1 as a deposit on each order, promising to send the suits within two weeks time. C. O. D. Ten weeks have now gone by there has been no sign whatever of suits. How much the man took away is a question. The same sort of game is said to have been followed at Monongahela, Monessen and other points along the valley.

## FLY IN BUTTER TOO MUCH; PROCEEDS TO BEAT WIFE

Finding a fly in the butter, Earl Farabee, a farmer of Franklin township, made some caustic remarks and then beat his wife, according to Mrs. Farabee's testimony at Waynesburg before Justice of the Peace J. T. Goodman, who held Farabee for court on a charge of aggravated assault and battery. Farabee declared his wife knocked him through a doorway with a stewpan. Mrs. Farabee retorted that he was "too cheap to buy fly screens." Farabee furnished \$300 bail.

During the last few days Dr. Linn passed a physical examination, his second since the call for state troops issued by President Wilson. He was at once sworn into active service as a first lieutenant and ordered to Monongahela to recruit his company up to full war strength.

Upon the full number of recruits being received they will be sent to Mount Gretna for seasoning and then will be ordered at once to the border to join their company.

## GREAT HAND FILLED IN CLOVER PATCH BY FERRY

The following story appeared in this morning's issue of the Pittsburg Post:

Jack Ferry of Charleroi would be a dangerous opponent in a poker game if he ever decided to take up that popular branch of indoor sport, judging by a draw he made the other day in a clover field. He didn't play with a poker deck and he didn't have any companions. Had it been anything else but a game of solitaire on nature's own green table, he might have come out with a tall stack of chips.

Jack was sauntering through the clover patch when his sharp eye alighted on a full-grown clover stock which appeared to be adorned with a couple of four-leaf clusters. Carefully pulling the stem from the earth he found the most freakish specimen of clover he had ever heard of.

The one stock contained two four-leaved clovers at the top, while lower down were found three perfect clusters of five leaves each. To prove there was no deception about his rare discovery one of Jack's friends who signs himself A. Shark sent the wonderful little clover stock to the Pittsburg Post. The leaves are full size and perfect.

A. Shark requests that "Penny Ante" be informed of the discovery of this skidoo hand—three fives and two pairs of fours, making a total of 23 spots. He adds: "See if you can beat it. I say it can't be done." A. Shark appears to have the correct dope. We might play till the day after doomsday with the joker running wild and never get better than three deuces. Three jacks and a pair of fours ought to win the pot. The clover hand will be turned over to Jean Knott, who draws the popular "Penny Ante" pictures.

## BEN FIELDS TO APPEAR WITH THE NIRELLA BAND

## TENER HAPPY OVER TRANSFER OF MATTHEWSON TO CINCINNATI

Had Said That Great Pitcher Should Be Retained in National and Now is Glad That he is to be.

That President J. K. Tener of the National League is happy over the transfer of Christy Matthewson to the management of the Cincinnati club in exchange for Shortstop Charles Herzog is the news that D. M. McCloskey, Esq., brought home from Pittsburg Tuesday, where he went to meet President Tener. The theory was advanced first by President Tener that Matthewson should never be lost to National league, and he considers that the appointment to the managerial position will keep him where Mr. Tener feels he belongs.

President Tener is making a tour of the National league circuit now. He was unable to come to Charleroi Thursday night and left for New York city.

## CHARLEROI MAN HURT IN FALL AT MONESSEN

Oiba M. Sanoni, Employee of Charleroi Iron Works Drops to 40 Feet To Bricks and Suffers From Broken Jaw Inflicted by Wrench

Falling about 40 feet from his porch on a fire escape at the May building, Monessen, this morning, Oiba M. Sanoni of Charleroi, an employee of the Charleroi Iron Works escaped with a broken jaw and cuts inflicted by a wrench in his hand. He was able to walk to a car, after receiving the attention of a physician.

Sanoni was engaged in the installation of a new fire escape on the May building, when a rusty bolt holding a part of the old one gave way. He was pitched to the ground. Fortunately he fell feet first. He went down hard on the brick streets and the wrench he carried struck him a heavy blow on the jaw. Besides breaking his jaw it laid open a jagged wound that necessitated nine stitches. Sanoni did not even complain of a shaking up, though he suffered body bruises.

## WAR ON VAGRANTS IN SOUTH BROWNSVILLE

War has been declared on vagrants in South Brownsville and any knight of the road who is so unlucky as to be caught within the confines of the municipality in the future will pay a friendly visit to Warden Hugh S. Gorley at the county jail for at least 60 days. Walter Milliken was the first victim of the authorities' final effort to rid the town of undesirable characters. He was taken to the county jail Thursday morning to serve 60 days on a charge of vagrancy. For the last six or eight months, the authorities say, South Brownsville has been overrun by tramps who seem to have formed a colony there.

## HICKORY ASPIRANT IS EXPECTING 7 TONS OF HONEY FROM 40 HIVES

William Brown, an up-to-date farmer living two miles east of Hickory is the champion bee raiser of that section. Mr. Brown has in his possession at the present time 40 hives of bees and on Saturday he removed from a few of the boxes about 75 pounds of honey. Mr. Brown says this is an unusually good year for honey and he thinks he will have between 15,000 and 20,000 pounds of pure white honey.

## GROUND BROKEN FOR NEW PALACE THEATRE

R. L. Barnhart to Build Substantial Addition to Structure—Will be Enabled to Handle Road Shows, Vaudeville and Photoplay Dramas.

Excavating has been started for a new Palace theatre that will be erected on McKean avenue by R. L. Barnhart, who now owns and operates the present Palace. Part of the present theatre will be used, but the entire house will be greatly enlarged to put it in shape to handle road shows, vaudeville and motion pictures.

The new Palace, according to plans which have been prepared by Mr. Barnhart himself, will seat 900 people. It will have a spacious auditorium and a large balcony, arranged after a late pattern. The width of the new house will be 44 feet from wall to wall and the length 110 feet.

One of the features will be a large stage. It will have a 36 foot opening and a depth of 28 feet while the width will be 44 feet, wall to wall. This is of a similar size to the Harris theatre in Pittsburg. The scenic effects will be furnished by Sosman and Landis of Chicago.

Excavation already done is that for the engine and dressing rooms. Plans lately have been approved by the State Department of Factory Inspection. Plenty of fire exits are provided and the theatre promises to be a model. Construction work will be done by sub contract under the personal supervision of Mr. Barnhart.

## FINGERS ARE TAKEN OFF BUT JUST HOW REMAINS A QUESTION

Jack Gilmore in Charleroi-Monessen Hospital Suffering From Loss of Two Fingers.

Jack Gilmore, aged about 25 is in the Charleroi-Monessen hospital, with two fingers off one of his hands as the result of an accident at Speers Thursday night, details of which are difficult to ascertain. Gilmore remembers having gone to Speers but his ideas of what happened are vague. It is supposed his fingers were mangled by a street car as he lay along the car track. He was found and taken later to the hospital, where amputation was necessary.

Italian Band to Give Concert. Charleroi people will be treated to a free concert at the corner of Fifth street and McKean avenue Saturday evening at 7 o'clock. The band is just one year old.

Change in Services. Services at the Ebenezer Methodist Episcopal church have been changed, beginning Sunday July 23 from evening to afternoon. Sunday school will begin at 2 o'clock and preaching will be at 3. Rev. William Hogg of Speers is the pastor.

### A PENNSYLVANIA EXPERIMENT

The New York Sun makes editorial comment on the fact that Pennsylvania is undertaking an experiment interesting not only to the State but to the eastern part of the country, to discover how far sheep raising will contribute to the solution of the food problem and the increase of the wool production, and if the industry can be made profitable, it is not fitted for the highest agricultural cultivation.

Bangers and business men will provide 5,000 ewes and the Department of Agriculture has offered to contract ten to each farmer making an application. At the end of a year the farmer may purchase them at the original price or he may give them up, retaining the entire wool clip and half of the lambs. Applications have already been received from forty-three counties, principally of the southern tier and the west central part of the State. This will insure the distribution of about half the number; the remainder, it is believed, will be allotted before fall.

The production of wool and sheep in the East has decreased in the last thirty years. Montana, Wyoming and New Mexico have been the great producing States, with Ohio the largest producer east of the Mississippi. In the West the flocks have found pasture on the great ranches and in some cases on open ranges, where the owners have fought for possession with the cattlemen. In Ohio the hilly land of the southern part of the State has formed good grazing ground and has thus made the industry more or less profitable.

The European war and the demand thus created are in a measure responsible for the present price of raw wool. At a recent sale in Montana 20,000 pounds were sold at 35 cents a price that it was formerly held would make the industry profitable to the producer. But even apart from the present condition the use of wool as an admixture with other fibres will continue a demand for it.

Sheep raising presents a readily available means of producing meat, and the price at which this commodity is held gives importance to any effort to reduce its cost. There are thousands of acres in the East that at present are not tilled, and any means that will make them money producing is worth considering. For this reason, says the Sun, if for no other the Pennsylvania experiment will be followed with interest.

### EXTORTION ELIMINATED.

The practice of extorting money from ignorant foreigners for imaginary crimes, which was quite popular for awhile among a certain class of conscienceless constables and justices, may be considered as being abandoned because of the severe manner in which the courts have frowned upon it, says the Connellsville Courier.

Judge Reppert has made an example of a Brownsville deputy constable before him for such practices. He has ordered the constable's commission to be revoked, imposed upon him a fine of \$100, directed that he refund the amounts extorted and that he serve an imprisonment of one year in the county jail, where he will perhaps get a chance to work on the county roads.

The practice was quite common several years ago, but this is the first time an officer has been formally convicted in court. The example will probably last for several years to come.

It is worthy of note that there has been a big revival of interest in the national pastime of baseball here and that for the first season in years the club now using the grounds will make out financially. This interest has been stirred by thoroughly up-to-date methods and by presenting a high-class article of baseball in a clean manner, with no misunderstandings. In the light of past disasters of a baseball way in Charleroi this revival seems especially conspicuous. In the old days of the minor league Charleroi suffered. Salary limits went sky high and interest that had been at top notch while a trolley league was in existence dropped until attendance at games was practically nothing. Recovery financially was difficult. Then after a time a

trickster came and with others organized a league, only to depart without settling bills. All things seemed to him at the core of clean baseball Charleroi each year had an independent team but it lacked financial backing in spite of clean playing and good games and interest was never at fever heat. But now with a club put forth by a corporation able to foot the bills and wide awake management that appreciates the value of new innovations, baseball is coming along in good style and if there isn't a balance at the end of the season, signs are wrong.

### \* PICKED UP IN PASSING \*

The schoolmaster possessed a very short temper and became extremely irritable when not obeyed at once. He was hearing the reading lesson, and Johnny was getting along famously until he came to the word "barque," when he halted. "B-b-b-ba—" stuttered Johnny. The master sharply said: "Barque, boy, barque." Johnny looked at the master with a look of perplexity on his face and the master's temper rose.

"Barque, boy, barque," he roared. Then Johnny, with a pitiful expression on his face, replied: "Bow-wow-wow-wow!"

### BOTH TEAMS CLAIM GAME AT MONESSEN

The Pittsburgh Steel company club claims a win. But then the Charleroi Babes protest they won also, and two opposing teams can't very well win the same ball game. That is the way the matter stands as the result of a fray at Monessen Thursday evening.

The Steel company asserts a victory was won by reason of the score ending 8 to 4, and the Babes by reason of a forfeit. Umpire Price's explanation is awaited with interest. Manager John McIlvaine of the Babes asserts the game was started without agreement having been made to cut it short two innings, and after it had gone part way he was informed the game would be concluded at the end of the seventh. He says he did not agree to a seven-inning game yet the Steel company team walked off the field at the end of that time. Hence he claims a forfeit and on the strength of his objection has called off a series.

In the first inning the Babes scored four runs on six hits. In the third the Steel team tallied five runs and in the fourth inning brought across another, two more were scored in the sixth inning and after the Babes had batted in the seventh the game was called. ## WOMAN A PHYSICAL WRECK

Tells in Following Letter How She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Milwaukee, Wis. — "Before taking Lydia E. Pinkham's Vegetable Compound I was a physical wreck. I had been going to a doctor for several years but he did me no good. A friend told me about Lydia E. Pinkham's Vegetable Compound, so I decided to give it a fair trial, and it gave me relief from bearing down pains which had been so bad that I would have to lie down. I also used the Sanative Wash and it has done me a great deal of good, and I am not troubled with a weakness any more." — Mrs. P. L. BRILL, 1299 Booth Street, Milwaukee, Wis.

The most successful remedy for woman's ills is Lydia E. Pinkham's Vegetable Compound. It has stood the test for forty years, which would be impossible if it did not have genuine merit.

For special advice, free, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## A TALE OF TURKEY.

Queer Things That Happened in the Name of the Constitution.

The ignorance of the Turkish masses concerning political questions, says Sir Edwin Pears in "Forty Years in Constantinople," is shown by certain incidents of the revolution of 1908. The hangers-on, porters, in the towns, like the peasants in the country, when they heard that his majesty had sworn to be faithful to the constitution, figured what it was. Was it a person? Was it a new religion? And very few could give any clear explanation. The words "liberty" and "equality" meant something to all, although they could not have said what. To some they signified general license.

Two English friends of mine were motoring outside Smyrna when a number of Turkish boys set upon them and hung stones at them. The Englishmen gave chase and caught the principal offenders. The eldest was asked why he had thrown stones. "Hurriet var," was the reply. "There's liberty. We can do what we like now."

The Englishman replied, "Hurriet var, and I am at liberty to give you a good thrashing, am I not?" One of the boys said yes, he supposed.

that would be so, but he hoped the liberty would not be used. The Englishman replied that it would not be used that time, but if the offense were repeated he would use it to the fullest extent.

The workmen on a newspaper during that time asked for a large increase of wages.

"But why?" asked the owner. "Because there is a constitution."

The tramway men struck for higher wages, and the only justification that they put forward was that there was now a constitution. Yet men of all classes cheered in the lustiest manner for the constitution. Throughout the month of August smuggled tobacco was openly sold in the streets at a very cheap rate, buyers and sellers alike considering that the constitution allowed men to set aside the law that had made the sale of tobacco a government monopoly.

Held Bille and Rudder. Some years ago Japan was neither so free nor so friendly with other nations as she is today. In those old days when a foreign ship entered the Japanese ports the captain was obliged to place his bibles and rudder in charge of the chief officer of the port and leave them there until he was ready to sail. Of course he wouldn't sail without either, and the Japs could easily keep tabs on the movements of all ships in their harbors.

Useless Speeches. "Have you anything to say why sentence should not be passed on you?" asked the judge. "Not a word. I made speeches the last three times I was convicted and they didn't seem to do me any good," replied the prisoner.—Detroit Free Press.

Hastening the Evil Day. Willie—Pa says he wishes that you'd make haste and propose to sister. Young Man (delighted)—Then he is willing to let her marry me? Willie—Taint that. He says you're not likely to keep comin' here after sis hands you the miter.—Boston Transcript.

What Counts. Grubbs—I met a man today who can draw his check for a million. Stubbs—That's nothing. I met a man who can draw his check for ten and actually get it cashed.—Richmond Times-Dispatch.

He Works. "He never works, does he?" "Oh, yes; he works any one he can for anything he can."

One virtue will efface many vices; one vice will efface many virtues.—Balzac.

# This store will allow you 62c cash the moment you join the Savings Bank Suit Club. Opens Sat., July 22

Here is the easiest, happiest way to buy men's clothes that the world has ever known!—a genuine "painless plan" for meeting tailor's bills. You lay aside a few pennies a week—your mere "chicken feed" cash—your daily newspaper money—the pennies you ordinarily toss away for trifles. Then they work while you sleep, mounting up in a few weeks to a grand total that will buy you the finest made-to-measure suit you ever had.

But this is not all. Because this Club plan will give us a tripled and quadrupled tailoring business—we share the profits with the members. Every member gets an allowance of 62 cents plus a discount of 5 per cent from the price of his suit.

We simply turn over to the Club members a liberal share of the dividend on the business they give us. It is the ideal Co-operative, Mutual, Profit-sharing system applied to the tailoring business.

## THE PLAN IN A NUTSHELL

On the day you join the Club, a credit of 62c is placed to your account—with the compliments of this store. You pay an initial fee of 21c which pays your Club fees until July 22nd, when you will make the second payment of 42c. Thenceforth, each week you make a regular deposit—adding 21c to the last deposit made. By September 30th, you will have a total of \$17.00 to your credit as shown in the table herewith.

## HOW IT WORKS OUT

Suppose you order a \$16 suit. 5 per cent of \$16 is 80c—making the cost to you only \$15.20. With \$17 to your credit, we will rebate to you \$1.80 in cash.

Or suppose you order a \$20 suit. Deducting 5 per cent from \$20 leaves \$19—so by paying \$2 more, you get a \$20 suit. If a \$25 suit, you get a discount of \$1.25—making the cost of suit \$23.75—leaving .675 for you to pay. Whatever the price of the suit you choose—you get 5 per cent discount from that amount.

## HERE IS THE WAY YOU MAKE YOUR DEPOSITS

Placed to your credit on joining the club \$ .62

Sept. 30th 2.52	
Total paid in 16.38	\$16.38
Total to your credit Sept. 30th	\$17.00

And you get a discount of 5 per cent from price of the suit selected

## ALL PRICES MARKED IN PLAIN FIGURES

This store will forfeit \$1,000 to anyone who can prove that we have altered our regular prices to meet the terms of this Club. All goods are marked in plain figures—on our regular price basis.

What we are giving you is not a "discount" or a rebate; it is simply your co-operative dividend on this wholesale selling plan. The Club makes it possible for us to sell fifty suits where ordinarily we would sell ten. It is sound business for us to share the profits with you.

## BETTER THAN THE SAVINGS BANK PLAN

This plan is a twin cousin to the Christmas Club plan inaugurated by the Savings Banks. But it is better than the Christmas Club plan, for surely it is more important to you to save for a necessity like clothes than for a luxury like gift-buying.

And what savings bank in the land will pay you 5 per cent on your money? Really, we're giving you 6 per cent when you consider the Extra 62c allowed you when you join the Club.

--and you get an additional cash allowance of 5 per cent discount when you select your suit!

**A Profit Participating Plan**

If fifty men came to this store in a body and offered to purchase Royal Tailored suits in one club order—paying spot cash for the fifty suits—couldn't this store well afford a cash discount of 5 per cent—plus 62cents? Consider the saving to this store in advertising and in collection expenses. Of course this store could make such an allowance—and so could any other store.

That is precisely what the Savings Bank Suit Club means. It means that a number of you men in this town get together and club your purchases. It means a mutual, co-operative buying plan—effecting a big saving for this store and a big saving for you clothes buyers.

The 5 per cent and 62 cents allowance given is not a discount or a rebate; it is your share of our profits on a wholesale order; your rightful dividend on the combined Club purchase. "In unity there is strength"—and economy for you.

This is the sanest and wisest plan for buying clothes that the world has ever known. Jump in—join—make it a rousing success and a permanent institution in this town.
